**Science Lab Before**

**Science Lab After**

**Classroom After**

On July 16, 2022, the Williamsburg Revitalization and Economic Development Committee held their first volunteer clean-up day at the former Williamsburg School. The goal was to clean up vandalism, beautify the property in advance of the Community Fair, and to maintain the usability of the property ahead of potential revitalization activities.

A big thank you goes out to the volunteers Debbie Sizemore, Melissa Ramsay, Bill Zumpfe, Pastor Keith Delatte, Jill McClung, and Matt Jarrett who cleaned several rooms and completed some groundskeeping outside. And another big thank you to Greenbrier Valley Solid Waste for the free trash pickup.

Lunch was served from noon to 1:00 pm after the clean-up activities were finished.

A second work and clean-up day at the former Williamsburg school is being tentatively scheduled with further plans coming soon.

All community members are encouraged and welcome to join the Williamsburg Community Action's Revitalization and Economic Development Committee to revitalize our community, develop the local economy, and improve the quality of life for all. Meetings are on the second Tuesday of the month at 7:00 pm at the Williamsburg Community Building. Get involved and let's make a difference together!
